

DAHLE MHP Technology® document shredders 50314

- Team document shredder for professional use
- Innovative MHP® (Matrix High Performance) cutters: high-quality compound steel cutters that are guaranteed to last
- Patented manufacturing process preserves resources by considerable saving of raw materials compared to a conventional production of cutting cylinders
- Oil and maintenance free operation
- More performance and convenience by MHP cutting cylinders
- Separate CD feed opening and waste box for reliable, environmentally friendly shredding
- Widely opening doors for ease of emptying the waste container
- Clearly designed, user-friendly control panel with illuminated information and function unit and acoustic signals
- With automatic motor cut-out after 30 minutes without use
- Integrated light barrier for automatically starting and stopping the document shredder, ensuring fast availability and safe use, and with user-friendly electronics
- Convenient automatic reversing function clears feed opening after feeding in too much paper
- Convenient feed and reverse function for manual control
- Motor cuts out automatically when waste container is full or door is open
- Automatic shredding stop and optical signal in control panel when bin full
- Powerful motor for high capacity and longer running times
- Extremely quiet operation for a particularly pleasant working atmosphere
- Convenient swivel casters with brake for reliably keeping the document shredder firmly in place
- Separate main switch for completely shutting down the document shredder
- Practical IEC power connector can be unplugged from the document shredder
- Dimensions (H x W x D): 865 x 545 x 435 mm

CE Compliance

Departmental document shredders: professional performance across the team.

Entry width 260 mm

Waste collection volume 60 litres

Wattage 650 watts

Cross cut

Convenient swivel casters with brake for reliably keeping the document shredder firmly in place

Carries the GS Intertek test mark

DAHLE MHP Technology® document shredders

Comfortable and environmentally friendly shredding - no time-consuming lubrication of the cutting cylinders required

With automatic motor cut-out after 30 minutes without use

Extremely quiet operation for a particularly pleasant working atmosphere

German Engineering by Dahle
