

DAHLE MHP Technology® document shredders 50564

- High volume department document shredder
- Innovative MHP® (Matrix High Performance) cutters: high-quality compound steel cutters that are guaranteed to last
- Patented manufacturing process preserves resources by considerable saving of raw materials compared to a conventional production of cutting cylinders
- oil- and maintenance free operation
- More performance and convenience by MHP cutting cylinders
- Separate CD feed opening and waste box for reliable, environmentally friendly shredding
- Widely opening doors for ease of emptying the waste bag
- Clearly designed, user-friendly control panel with illuminated information and function unit and acoustic signals
- With automatic motor cut-out after 30 minutes without use
- Integrated light barrier for automatically starting and stopping the document shredder, ensuring fast availability and safe use
- Convenient automatic reversing function clears feed opening after feeding in too much paper
- Convenient feed and reverse function for manual control
- Motor cuts out automatically when waste bag is full or door is open
- Automatic shredding stop and optical signal in control panel when bin full
- Includes 10 strong waste bags suitable for re-use
- Powerful motor for high capacity and longer running times
- Extremely quiet operation for a particularly pleasant working atmosphere
- Convenient swivel casters with brake for reliably keeping the document shredder firmly in place
- Separate main switch for completely shutting down the document shredder
- Practical IEC power connector can be unplugged from the document shredder
- Dimensions (H x W x D): 960 x 734 x 511 mm

CE Compliance

High-volume document shredders: maximum performance to meet high expectations.

Entry width 400 mm

Waste collection volume 160 litres

Wattage 900 watts

Cross cut

Convenient swivel casters with brake for reliably keeping the document shredder firmly in place

Carries the GS Intertek test mark

DAHLE MHP Technology® document shredders

Comfortable and environmentally friendly shredding - no time-consuming lubrication of the cutting cylinders required

With automatic motor cut-out after 30 minutes without use

Extremely quiet operation for a particularly pleasant working atmosphere
