

Kyocera FS-1060DN Printer

RELIABLE, DURABLE AND NETWORK READY PRINTER FOR SMALL AND MEDIUM-SIZED BUSINESSES.

The powerful Kyocera ECOSYS FS-1060DN printer, with native network capability and standard duplex printing, is a cost-effective printing solution that boosts productivity in your organization.

Ecological Operation

- ECOSYS Technology drastically reduces consumable waste, contributing to the protection of the environment
- Duplex printing substantially reduces the use of paper
- Quiet operation at 29 dB in Ready Mode and 50 dB when printing, with the ability to function at lower levels while printing in Quiet Mode
- Complies with Energy Star® for efficient energy use

Native Network Connectivity

- Smooth integration into existing network environments due to its standard network interface
- Easy device management via network admin utility
- Lower costs by centralizing one printer for multiple users

Proven Reliability

- Maximum uptime without the need for user intervention thanks to long-life consumables
- Due to the advanced Japanese ECOSYS Technology, long-life consumables prevent the need to change the drum or other components every time the toner is replaced
- Virtually no user intervention required until 100,000 prints

Increased Productivity

- High speed printing up to 26 ppm and only 7.5 seconds or less for the first page out
- Ability to use a wide range of paper types allowing for a large variety of jobs to be completed internally
- Maximum monthly duty cycle of up to 15,000 pages per month

Maximum Profitability

- High toner yield allows printing up to 3,000 pages
- Ability to print several pages on one sheet (N-up) and standard duplex feature, which significantly reduces paper usage and costs
- Long lasting consumables and components that lead to significant savings and a reduced total cost of ownership

User-Friendly Software Tools

- Simplified device management including access to printer features and preferences
- Easy online toner ordering from select suppliers
- Directly link to Kyocera's driver download web page, ensuring immediate access to the latest print drivers
